Summary

I'm a **Frontend Developer** with 4 years of experience in building responsive and visually engaging web applications. Skilled in modern frontend technologies such as HTML, CSS, JavaScript, and popular frameworks like **React.js** and **Next.js**. Experienced in creating intuitive user interfaces and optimizing performance for a seamless user experience. Additionally, possess practical knowledge in backend development, including working with APIs and server-side technologies, providing a comprehensive understanding of fullstack development and enhancing collaboration with backend teams.

Skills

HTML | CSS | SCSS | JavaScript | TypeScript | React.js | Next.js | Redux | Redux Toolkit | Zustand | React Query | React Hook Form | GraphQL | Babel | Webpack | Bootstrap | AntDesign | Material UI | Tailwindcss | Shadcn UI | Node.js | Express.js | MongoDB | PostgreSQL

Experience

Frontend Developer   Dec 2022 - Present

Agency of Plant Protection and Quarantine of the Republic of Uzbekistan

Tashkent, Uzbekistan

- Developed CRM Projects; spearheaded the development of comprehensive CRM solutions tailored for the Quarantine Agency and various entrepreneurs, significantly enhancing client relationship management and streamlining business operations
- LMS System Development; led the development of an LMS system focused on Agriculture and Farmers, offering a robust platform for education and resource management, supporting the agricultural community's learning needs
- Project Optimization; optimized various projects using Next.js and React.js, resulting in improved performance, faster load times, and a more responsive user experience
- Backend Technology Proficiency; expanded technical expertise by learning and implementing backend technologies such as Node.js, Express.js, and MongoDB, contributing to the fullstack development of CRM projects and websites

Frontend Developer   Oct 2023 - Sep 2024

Energy Trucking Company

Tashkent, Uzbekistan

Contributed to the development of the CityFuel CRM system, designed to manage fuel discounts, invoices, and logistics for truck drivers and companies, utilized Next.js and React.js to build a dynamic and responsive interface, improving the user experience and optimizing workflows. Collaborated closely with backend teams to integrate APIs, ensuring seamless data flow and real-time updates within the application

Frontend Developer, Mentor   Sep 2022 - March 2023

Robotics Lab

Tashkent, Uzbekistan

Mentorship; worked as a Frontend Mentor, guiding students and junior developers in mastering frontend technologies, providing feedback, and supporting their growth in web development

Frontend Developer   March 2021 - Sep 2022

Dora IT group

Tashkent, Uzbekistan

- Skill Development: gained valuable frontend skills from senior developers, which provided a strong foundation for a successful career in web development
- Project Development; participated in and created delivery systems, online stores, and multiple blog websites, contributing to the successful implementation of web solutions for diverse clients
- Pharmaceutical Projects; developed websites, online sales platforms, and CRM systems for a pharmaceutical company, enhancing their digital presence and streamlining business operations

Education

Tashkent University Information Technologies   Sep 2019 - June 2023

Tashkent, Uzbekistan

Computer Engineering **(Bachelor Degree)**

Gained expertise in engineering programming and developed a strong foundation in computer science principles, equipping me with the skills necessary for solving complex technical challenges in software and hardware domains
